Ohr Chadash Guest Author: Elyssa Friedland Sunday, March 31, 2024

Toothy lives in Liam's mouth, next to his best friend, Fang. He's a good tooth — sparkly and strong, and he loves doing the floss. One day, Toothy notices that he is loose and he panics! Where will he go after he leaves his comfy spot next to Fang? ***The Museum of Lost Teeth*** answers the question, "Where do all lost teeth go?"
